

Unmet Community Needs in Response to COVID-19

What are the unmet needs in your community caused by COVID-19?

There's no normal anymore. So much change in every aspect of our community.

Let's hear from all our jurisdictions about what you're facing, for example:

- Childcare
- Dealing with impact of nonpayment of water/sewer bills
- Use of CARES Act funding
- Recruitment for public safety positions

We'll ask everyone for their thoughts.
